

Zero Tolerance Policy: Selkirk Skating Club

The SSC strives to provide a positive skating environment and maximum enjoyment for all skaters from recreational to elite. The club will do everything within its power to provide training sessions that support all skaters in meeting their full potential promotes maximum enjoyment and ensures safety at all times.

The skater's responsibility is to make the most of the resources put before them. The best way for them to do this is to adhere to the basic rules outlined in the skaters' code of conduct. In order to promote the ideal training environment, every skater and coach is expected to follow the skaters' code of conduct and show respect for the other skaters of the club, coaches, judges and executive members. In a harmonious atmosphere, everyone is in a position to gain maximum results from their valuable training time.

Skaters and/or parents not adhering to the club code of conduct will be subject to progressive disciplinary action as outline:

ZERO TOLERANCE violation(s) of Skaters' Code of Conduct will result in the following:

An adjudication hearing within 2-5 working days from the time the infraction information is received by the Selkirk Skating Club Executive. A panel will use all the information provided to determine the skater's repercussion.

During this time, the skater in question may not participate in regular scheduled SSC sessions.

Immediate loss of all privileges with SSC for the remainder of the season can result, should the panel feel it is in the best interest of other skaters/coaches/executive members and or their safety and well-being.

Other outcomes may include verbal and/or written warnings, which can then be followed by immediate removal from the SSC sessions if infractions continue.

**Skaters and Parents: Please sign the following document to show your understanding and acceptance to SSC's Zero Tolerance Policy. This is mandatory in the registration for any of SSC's STARSkate/Competitive Skate Sessions.*
